

FEEDBACK SYSTEM AT RCPSR

Internal Quality Assurance Cell (IQAC) was established by Institution in order to ensure and analyze the academic excellence, quality consistence and quality enhancement measure at institute level. The feedback process is shown in fig. Periodical brain storming session held in IQAC on analysis of feedback from the stakeholders: Parent, Student, Teacher, Alumni, and Employers on curriculum aspects and courses given by individual departments at the end of the semester (student's feedback) and other feedback at the end of session. The governing body thoroughly reviews the teaching learning process for every academic year. The governing body thoroughly reviews the teaching learning process for every academic year and gives approval for action plan suggested by IQAC.

Data Collection through feedback:

Individual departments collect the feedback department wise in hard copy (offline) from stockholders viz. Parent, Student, Teacher, Alumni, and Employers on Curriculum prescribed by the university, and the teaching learning process as well as facilities available in the institution. Further college website invites stockholder such as Alumni and Employers to provide feedback through online mode. Also the Institute conducts annual Alumni Meet, in which suggestions and feedback is received from Alumni students.

Feedback Analysis:

Using the feedback data collected through either mode from all stake holders is separately analyzed and the performances are displayed using chart (Graphs). From the graphs strength and weakness of curriculum aspects and courses are determined.

Discussion on feedback analysis:

A brain storming session is held in the meeting of all HOD's and principal on the feedback analysis result and performance indexes. Finally the analysis result is submitted to IQAC.

Discussion on feedback analysis in IQAC:

In IQAC meeting, feedback performances indexes are reviewed thoroughly. The weakness and strengths in teaching learning, curriculum aspects, courses and facilities is recognized by the members of IQAC. After brain storming session on strength and weaknesses, the IQAC propose an action plan to mitigate the weaknesses and hence to improve academic excellence, quality consistence and quality enhancement.

Governing Body:

Final action plan is submitted to the governing body of the institution for the approval of the action plan which is to be implemented in forthcoming semesters.

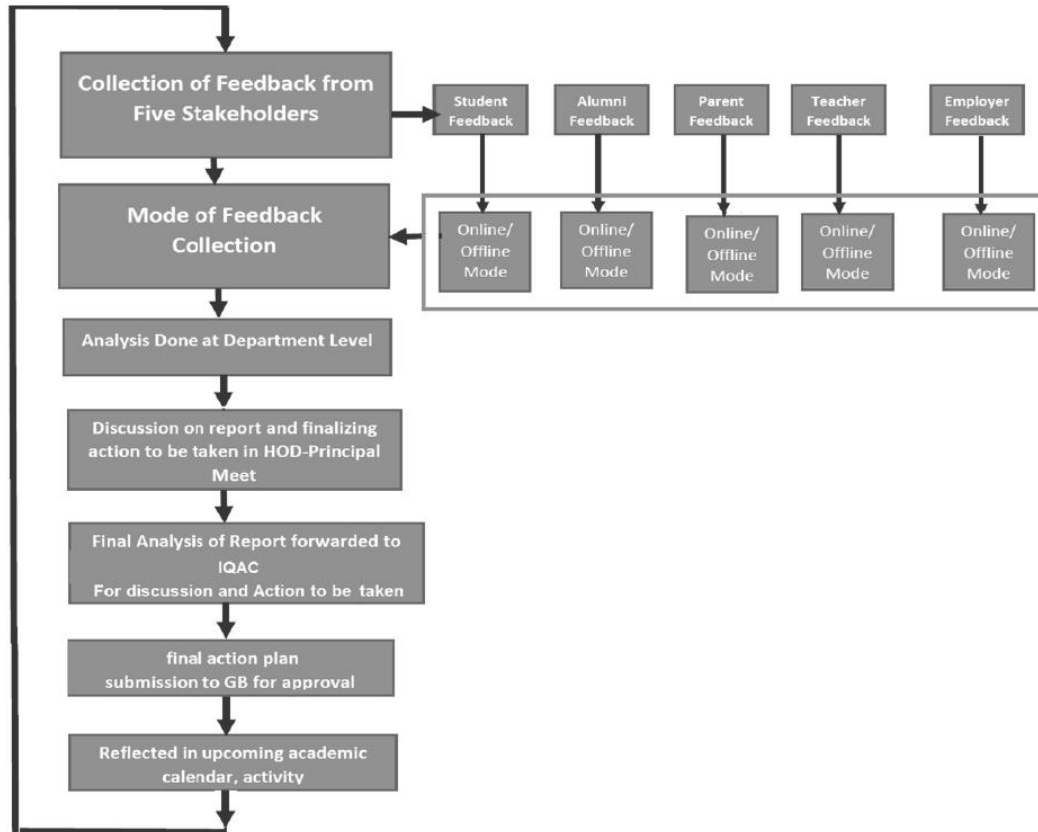

The Department:

After the approval of the action plan by the governing body, meeting held between principal and head of all departments for the successful implementation of the action plan in coming semester. Department head call meeting of all faculty members and supporting staff for discussion and implementation of actions suggested by IQAC and approved by Governing body at the end of current semester and before the beginning of next semester. Time to time information is given to Principal, IQAC, faculty members and students of the department through notice.
